

PC cluster application

Research Objective

Describe your research objective using this system.

(Descriptions should not exceed this page)

Research Plan

Describe your research plan for this year and the expectation for computational resources for your calculations (number of memory requirement, computational time for a single run, the total computational time, and so on) .

(Descriptions should not exceed this page)

Previous Achievement

If you have used this system before, list your publication from your achievement here. You can include submitted papers or not-refereed papers in the list unless the list does not exceed this page.

(Descriptions should not exceed this page)
